Objective

Seeking an entry level position where I can leverage my programming skills, problem solving abilities, and passion for technology to contribute to impactful projects. Eager to work in a collaboration environment that fosters continuous learning and professional development.

Projects

- **E-Store: A web based store system** *April, 2024*
  Tools: [React, Tailwind Css]
  - Developed a dynamic application using React, integrating with fake API to fetch and display products in a user friendly interface.
  - Implemented CRUD functionalities in client side, allowing users to manage products directly from the frontend.
  - Utilized Context API for efficient State Handling and seamless user experience.
  - Ensured Application performance and scalability by following best practices in component structuring, asynchronous data fetching, and reusable code principles.

- **Obys Agency Clone** *Dec, 2023*
  Tools: [JavaScript, GSAP, Locomotive, Shery.js, Css, Html]
  - Developed a visually striking website clone using JavaScript, CSS, and HTML, replicating the design and functionality of the Obys Agency website.
  - Integrated advanced animations using GSAP, including Scroll-based animations that add dynamic interactivity as users navigate the site
  - Implemented Locomotive Scroll for a seamless and fluid scrolling experience, enhancing the overall user navigation.
  - Utilized Shery.js for sophisticated three.js animations, adding depth and visual appeal to the webpage.
  - Focused on creating meaningfull and intuitive animations, ensuring a cohesive and immersive user experience.

Skills

- **Languages:** C/C++, Java, JavaScript
- **Technologies and Tools:** ReactJS, Data Structures, Tailwind CSS, Bootstrap, GSAP, CSS, HTML

Achievements

- **Winner, War of UI Competition** *2024*
  Code Vision
  - Led a two-member team to win the War of UI competition hosted by Code Vision, by developing a full functional website within 24 hours, outperforming other teams across the college.
  - Exhibited exceptional leadership, technical proficiency, and effective time management under high-pressure conditions.

Certifications

- **Front End Domination, Sheryians Coding School** *Nov, 2023*
- **Advance Javascript, Simplilearn** *Dec, 2023*
- **Data Structures and Algorithm Using Java** *Jul, 2023*

Education

- **Bengal College of Engineering and Technology**
  Batchelor's in Information Technology(pursuing) Durgapur, West Bengal
  GPA: 7.00/10.00

- **Santiniketan Polytechnic**
  Diploma in Computer Science Durgapur, West Bengal
  Grade: 8.2/10
