Objective

As a recent graduate in Information Technology, I am seeking an entry-level opportunity in Frontend Development where I can apply my skills to solve real world problems impacting millions of lives, while continuously learning and growing as a developer in a dynamic, team-oriented environment.

Projects

- Stegx

Jun, 2025

Tools: [React (Vite), Tailwind CSS, Node.js, Express.js, Jimp, Multer]

- Web application to perform encryption based **image steganography** for secure data concealment.
- **Encrypts** messages and embeds them into images by **manipulating the color bits** of individual pixels.
- Built a **unique algorithm** featuring over **42.9 billion** possible key combinations, making brute-force attacks highly impractical.
- Facilitates **secure and discreet communication** by transforming ordinary images into carriers of confidential information.

- Kickster

Nov, 2024

Tools: [React (Vite), Redux Toolkit, Tailwind CSS, Firebase, Swiper.js]

- **E-commerce** web application designed to provide users with access to various shoe brand products in one place.
- Implemented **user authentication** system with Firebase, supporting **login, signup, and admin-specific access**.
- Developed an **admin panel** to provide a comprehensive overview of application data and manage operations.
- Enabled **CRUD** functionalities for adding, updating, and deleting products through an intuitive interface.
- Implemented product **searching, sorting, and filtering** for easy product discovery.

Skills

- **Languages & CS Fundamentals:** Java, JavaScript, Data Structures
- **Front End:** React.js (Vite), Redux Toolkit, Tailwind CSS, GSAP, Html, CSS
- **Tools & Platforms:** Git, GitHub

Achievements

- Winner, War of UI Competition

2024

Code Vision

- **Led** a two-member team to win the War of UI competition hosted by Code Vision, by developing a **full functional website** within **24 hours**, outperforming other teams across the college.
- Exhibited exceptional **leadership, technical proficiency**, and effective **time management** under high-pressure conditions.

Certifications

- Front End Domination, Sheryians Coding School

Nov, 2023

- Advance JavaScript, Simplilearn

Dec, 2023

- Data Structures and Algorithm Using Java, NPTEL (IIT Kharagpur)

Jul, 2023

Education

- Bengal College of Engineering and Technology (2025)

Batchelor's in Information Technology

CGPA: 7.44

Durgapur, West Bengal

- Santiniketan Polytechnic (2021)

Diploma in Computer Science

Grade: 8.2/10

Durgapur, West Bengal
